Tire Self-Study

Overview

This Self-Study is designed to provide you with an overview of the features and benefits of a specific tire.

There are three parts to this course.

1. This Self-Study Instruction Sheet
2. The tire Self-Study (which is a link to the Product Overview page)
3. The Self-Study Quiz

Follow the instructions below to complete this course.

Course Instructions

To access the self-study and quiz course components, you may need to click the Return to Content Structure button.
Self-Study (Product Overview Link)

From the Online Content Structure screen, click the **Self-Study** link (as shown below) to review the product overview for the selected tire. Be sure to review the positioning statement and features and benefits of the tire.

**Note:** Some tires may have more than one link to review.

Self-Study Quiz

Once you’ve reviewed the product overview, complete the course quiz:

1. Click the **Self-Study Quiz** link to start the quiz.

![Online Content Structure](image)

2. You must obtain an 80% to pass the quiz.
3. If you do not pass, you can return to the Self-Study link to review the content.
4. Once you pass, the course will mark as complete and will be added to your completed course list on your Learning Plan.
